

Carlos Mario Perdomo

Systems Engineer Student

📍 Pitalito - Huila, Colombia

About Me

I am currently studying the seventh semester of Systems Engineering. I am passionate about frontend development. I live in Pitalito, Huila. I have worked on various web pages remotely and have participated in collaborative projects.

Experience

I have 1 year of work experience doing frontend for web pages for various clients.

Education

Ingeniero de Sistemas, Universidad del Cauca. | Desarrollador Web Frontend Jr. | Desarrollador Web Full Stack, Oracle ONE.

Projects

- **Gym Website:** Developed a responsive gym website with workout routines and exercises.
- **Interactive Notary Services Website:** Created an interactive and responsive website for notary services.
- **History of Colombia Website:** Designed a website providing information about the history of Colombia.
